On November 14, 2016, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the "Vaccine Act"). Petitioner alleges that she suffered a shoulder injury related to vaccine administration ("SIRVA") following her October 6, 2015 influenza vaccination. Petition at 1-2. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On April 11, 2017, respondent filed his Rule 4(c) report in which he concedes that petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, respondent "has concluded that petitioner's alleged injury is consistent with SIRVA; that a preponderance of evidence establishes that her SIRVA was caused-in-fact by the flu vaccination she received on October 6, 2015; and that no other causes for petitioner's SIRVA were identified." *Id.* at 2. agrees that 'the statutory six month sequela requirement has been satisfied" and that petitioner has satisfied all legal prerequisites for compensation under the Vaccine Act. *Id.*

In view of respondent's concession and the evidence before me, the undersigned finds that petitioner is entitled to compensation.

IT IS SO ORDERED.
